NOTICE TO LOCAL AREA RESIDENTS

HIGHLAND / FERNWOOD

WATER SERVICE AREA

WATER SYSTEM MAINTENANCE

On October 15-18, 2019, between the hours of 8:00 am and 8:00 pm, the Capital Regional District will be conducting annual maintenance and flushing of the water distribution system.

During this maintenance, you may experience low water pressure and/or periods of discoloured water at your tap. Please refer to the Water Interruption Influenced Area Map attached.

The areas likely to be influenced by the service interruption are:

Fernwood Water Service Area – October 15-16, 2019

Fernwood Road
Howard Road
Langs Road
Maycock Road
North Beach Road

Highland Water Service Area – October 16-18, 2019

Ensilwood Road
Fairway Crescent
Fairway Drive
Fer de Lance Road
Lawnhill Drive
Le Page Road
Maliview Road
North End Road
South Bank Drive
Trincomali Heights
Walker's Hook Road
Westcott Road
Whims Road

As water to your property could be impacted during this period, residents may want to set aside some water to meet their individual needs during this time.

It is also important to note that after the work is completed and water service is restored, you may experience intermittent brown water at your tap for short durations. Should this occur, continue to run your water until it clears.

Thank you for your patience and understanding.
