

CENTENNIAL PARK MULTI SPORT BOX

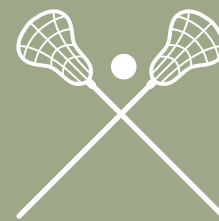

The Multi Sport Box is a state-of-the-art covered facility designed for a variety of sports including lacrosse, pickleball and ball hockey and allows accessible programming for all ages.

FEATURES

- **Multi-Sport Use:** The new 17,000 square feet box will be designed to host a range of sports, including lacrosse, pickleball, ball hockey, and more, providing a flexible space for community activities.
- **Covered Structure:** A durable roof will protect the playing surface from the elements, ensuring the facility can be used in all weather conditions and extending its usability throughout the year.
- **Enhanced Playing Surface:** The playing surface will be upgraded to new asphalt with an acrylic coating, providing a durable, safe, and high-quality surface suitable for multiple sports.
- **Improved Lighting:** Modern LED lighting will be installed to enable evening and nighttime use, making the facility more accessible for various schedules.
- **Accessibility Features:** The new design will incorporate accessibility features to ensure that people of all abilities can enjoy the facility.
- **Year-Round Usage:** The covered design will protect the facility from rain and sun, allowing for continuous use throughout the year, regardless of weather conditions.

HIGHLIGHTS

The sport box project is budgeted at \$4.9 million. \$2 million comes from a grant the District of Central Saanich received from the Federal Government Investing in Canada Infrastructure Program. The remaining \$2.9 million from the Peninsula Recreation Commission (PRC) Capital Plan which is part of the Capital Regional District (CRD) financial plan.
