CRD Juan de Fuca Community Planning

I definitely do not want a Cell Tower in our residential area. There are over a dozen children playing on a regular basis in the field next to it (also a playground.)

There are many ways to create funding other than Cell Towers. Who ever came up with this idea should be ashamed. This not an industrial area. Personally I believe its unhealthy and I don't want it there. Please DON'T PUT IT UP.

Sincerely Cathy Chapman
