Subject: Rezoning Application #RZ000259 - 9330 Invermuir Road

To whom it may concern:

The only concern/comment we have is in regards to the potential impact the agricultural zoning may have (depending on the type of farming) on our water license : on Killiecrankie Creek. This creek originates on the land on the north side of Invermuir Road (including 9330 Invermuir Road) and flows through our property at Road. This creek is a potable water source and we would want to ensure that any agricultural farming at 9330 Invermuir Road would not impact our potable water source.

If zero impacts on our potable water source can be guaranteed, our interests in this rezoning application would be unaffected.

I can be reached directly at if anyone has any questions regarding our concerns.

Best regards,

Curtis Helgesen
